

Why Goodwill Home Medical Equipment?

A cancer patient in need of a hospital bed...

*An elderly person who requires
incontinence supplies...*

*A child with a disability who needs specialized
equipment for physical therapy or school...*

*An individual who requires
monthly wheelchair maintenance...*

All of these medical and rehabilitation needs have something in common—they are very expensive and not always covered by health insurance. Getting these necessities and others into the hands of those who need them at affordable prices is why Goodwill Home Medical Equipment (GHME) exists. A nonprofit 501 (c)(3) organization, GHME is a division of Goodwill Industries of Southern NJ & Philadelphia that focuses on giving new life to gently-used medical equipment and unopened medical supplies at tremendous cost savings for those who need them. **Recycle. Reuse. Renew.**

SHOP ONLINE

At www.goodwillhomemedical.org you can shop for ATTENDS incontinence products and supplies with free shipping on orders of \$50 or more.

FOCUS ON QUALITY

GHME is accredited by CHAP Standards for Excellence in the durable home medical equipment category. In simple terms, this is the highest nationally recognized standard in the community-based healthcare industry and demonstrates our quality of services and products.

LET OUR STAFF HELP YOU

Our friendly and knowledgeable staff are ready to assist you in the selection of home medical equipment.

RECYCLE REUSE RENEW

WWW.GOODWILLHOMEMEDICAL.ORG

1. You donate.

We collect and recycle your gently-used home medical equipment and unopened medical supplies. Bulk donations from doctor's offices and hospitals are also welcome. Donations are 100% tax deductible and receipts are always provided.

Here's how you can donate:

- Go to www.goodwillnj.org to find the Goodwill donation site nearest you.
- Donate at Goodwill Home Medical Equipment (18 Arctic Parkway, Ewing, NJ 08638).
- Or for larger items, call 609-396-1513 to schedule a pick up at your home or medical facility.

2. We give items a second life.

Next, we sanitize and refurbish medical equipment to prepare for resale. We ensure that every item is sanitized and meets all Center for Disease Control (CDC) safety requirements. Repairs are done, as needed, to further restore items to their original function.

3. Together, we help people save and thrive.

We sell refurbished medical equipment to those who need it without any eligibility or prescription requirements. Items are sold in our 10,000 foot store in Ewing, NJ and incontinence products can be purchased online at www.goodwillhomemedical.org. Shoppers enjoy savings of up to 50% their full retail price while donors have the satisfaction of knowing their gently-used items now have a second life in helping others. Cash and credit cards are accepted. A final advantage is that our sales revenue fund Goodwill's job training programs that prepare individuals with disabilities and disadvantages for competitive employment.

Who We Serve

GHME serves patients, caregivers, doctors and nurses, rehabilitation specialists, physical, occupational and speech therapists, social workers, home health aides, hospice nurses and others who are in the market for purchasing or donating home medical equipment or parts.

A complete listing of items we accept & sell can be found at www.goodwillhomemedical.org

Other Services

If you or someone you love uses a wheelchair, you know that comfort and safety are top priorities. Tires lose their traction, hand rims become loose, joysticks break, and armrests crack yet insurance companies typically don't approve the purchase of a new wheelchair for 5-7 years! That is why GHME offers:

- **Wheelchair-Power/Manual Repair Service**
- **Battery Replacement Program**
- **Facility Wheelchair Maintenance Program**
